Process Unit - Basic DATA SHEET

case/dimensions	lenght 305 mm width 270 mm depth 194 mm weight 5,4 kg fixing points
ambient temperature	- 10 ... + 55 °C
input voltage	230 V AC
output voltage - external	230 V AC
heating mat	230 V AC max. 160 °C
ambient humidity	max. 95 %
vacuum pump	31,0 l/min max. flow 90 % max. vaccum
vacuum in	vacuum control LED pipe 8 x 6 mm
temperature control	9 steps settings time control
air valve	to equalize the unit

delivered box will have variations to image
